

United Business Machines of Washington

Founded in 1972 UBM provides quality office equipment and outstanding service to the North West with offices in Olympia, Fife, Kirkland, and Yakima.

As a full line dealership we carry the complete array of Kyocera and Canon products. From desktop copiers to high speed copiers UBM has the products needed to run a productive office.

We also carry large format copiers/printers/scanners with paper sizes to 36 by 48 inches. We also have standalone scanners from portable units for your car to check scanners.

With our partner FMAudit we can remotely monitor your supplies and ship them to your office before you know you need them. We can do remote meter readings for billing purposes.

We always offer significant discounts to all TEA members.

My office is at 3202 20th Street East in Fife 98424. Office hours are 8 to 5 Monday through Friday.

If you are not a customer of UBM I would ask you to talk to the other members of Tacoma Executives about our service which, by the way, is the best I have ever experienced in the industry.
