“ I am so happy I found Lile/North American for this big chapter in my life! When you came out and did your walk through started the huge weight lifted off my shoulders! You were so helpful, knowledgeable, professional, and personable I knew I choose the right company! The driver Troy reached out to me a few days and the day before the big pack out to see if I was ok and was good for the big day. And you did too! I feel so important and like your number one customer! The crew that came out to move and pack were so careful with my belongings. They were quick and precise in each box and piece of furniture they processed onto the truck. They were more prepared then me and I thought I was on top of everything lol... they were clean and respectful as well! I have moved a lot being ex military and this is by far the best experience I have had. Thank you so much for everything! Your company gets an A+++++! I wish I could express better how thankful and grateful I am because I am!

“

I appreciate your company for transporting my goods from Tacoma, Washington to South Carolina and everything went well. Thank you so much for your help. No issues between both states. This company is fair in price and really care about their customers. I would use them again in a heartbeat.
